Lukáš Jarmara

Full-Stack Developer

lukas.jarmara@gmail.com • +420 605 245 103 • Prague • jarmara.me

EXPERIENCE

Developer May 2023 – present | Prague
Future Port
- **Website development and technical management:** Maintained and developed the website with a focus on stability and performance. Oversaw smooth registration and its technical setup for **more than 10,000 attendees**.
- **Customization and optimization:** Implemented specific functionality using **custom CSS and JavaScript** beyond the platform's standard capabilities.
- **Make.com automation:** Designed and built complex automated workflows to efficiently connect systems (databases and email) using **APIs and webhooks**.

FREELANCE

Občanská plovárna
- **Full-stack development:** Built a complete standalone multilingual checkout in **Next.js and Payload CMS**, including content management and integration of the **Comgate** payment gateway.
- **Backend processes:** Automated supporting processes using **cron jobs** and sent transactional emails through **Resend**.

Budějovický Budvar – Signalfest
- **Full-stack development:** Built the complete frontend and backend of a microsite for a live audiovisual campaign. Ensured 100% stability under peak loads of **5,000+ unique visitors over 4 evenings**.
- **Backend infrastructure:** Developed server-side logic in **Node.js** using **Google Cloud Services** for scalable data processing and secure content storage.
- **Logic and moderation:** Implemented a custom **message filtering and moderation system** in real time and optimized it for reliable operation on mobile devices.

Fox.cz
- **Online store and community development:** Built and maintained a website for the community of VW ID. Buzz owners, including an online store, video tutorials and a user tips section.
- **Digital content delivery:** Implemented a section for distributing **free digital content and models,** significantly increasing organic traffic and community engagement.
- **Business impact:** Combining added value (free content) with an optimized online store generated sales of **over CZK 100,000**.
